Wisconsin State Budget Includes Alexander Field Project

Joint Finance Committee approves \$4M for needed upgrades and repairs.

Madison –Representative Scott Krug (R-Rome) is happy to announce funding for the Alexander Field Project has been approved 12-4 by the Joint Finance Committee as a part of the GOP Transportation package in the State Budget.

“This funding is critical to the advancement of the Central WI economic recovery. For several years I have worked to make sure that we are able to secure more funds for our local airport. From the time we passed the TIF bill that allowed Sand Valley Resort in Rome to become a reality (years ahead of schedule) I knew this was going to be the next step forward.”

“With help from State Senator Patrick Testin, Wisconsin Rapids Mayor Zach Vruwink, REGI director Rick Bavkoka, Alexander Field manager Jeremy Sickler and many others Wisconsin Rapids will again be a bustling hub of activity. Not only will this development help bring thousands of visitors to Sand Valley over the years but other business opportunities will soon follow due to our amazing infrastructure, both physical and technological. Not since the heyday of the paper industry has there been such enthusiasm for success in the Wisconsin Rapids area. Working together we can accomplish great things for the area.”
